

PROCESS TECHNOLOGY DIPLOMA (0610)

Level 2

APPROX.
12
MONTHS

ABOUT

This diploma will provide the learner with the essential knowledge to work within a number of process roles within the chemical, pharmaceutical, metals & oil and gas sectors. It is ideal for those who are working in process technology and have some relevant knowledge and skills, usually working in a supervised role. The Diploma in Process Technology covers essential knowledge in areas including:

- Chemistry
- Health and safety
- Mathematics
- Instrumentation and control

The level 2 process technology diploma is delivered on site by a tutor via day/block release and is tailored to suit shift patterns.

ENTRY REQUIREMENTS

Introduction to Process Technology certificate or recommendation from Trade Skills Assessment.

FULL CITY AND GUILDS LEVEL 2 DIPLOMA COST

£2,950 per person (minimum 3 cohort)

MODULES

MANDATORY

- Unit 201** Fundamentals of process science
- Unit 202** Calculations on process industries
- Unit 203** Health, safety and environmental issues in process industries
- Unit 204** Fundamentals of communications and information technology in process industries
- Unit 205** Fundamentals of process chemistry
- Unit 206** Process plant and process plant services in process industries

OPTIONAL (CHOOSE 2)

- Unit 207** Processing solids in process industries
- Unit 208** Processing fluids in process industries
- Unit 209** Principles of laboratory analysis

HOW IT WORKS

1. FREE CONSULTATION

We provide a free scoping session, which includes discussing training options, matching qualifications to relevant job descriptions, identifying skills gaps and answering any questions.

2. ENROLMENT

We recommend all potential learners complete our Trade Skills Assessment. We then enrol/induct the learner and develop a bespoke delivery plan based on the requirements of the business.

3. DELIVERY

Over the duration of the training we support the learner in the workplace with face to face and remote delivery. We also provide any support needed for the learners mentor or line manager.

4. ASSESSMENT

We will prepare learners on what to expect during exams and assessments if relevant to the qualification or certificate they are completing.

5. CERTIFICATION

Following the successful completion of the training the learner receives their certification.

VIRTUAL LEARNING ENVIRONMENT

As part of our commitment to use the latest technology to enhance our provision we use a leading Virtual Learning Environment called Canvas.

With personalised notifications and web app integration, Canvas allows us to engage with students where they already hang out, on social networks and mobile platforms. And with real-time interaction and rich multimedia, we can keep them engaged, too.
