

Course duration – 1 day

Managing Risks and Risk Assessments at Work

Structured around the H.S.E's approach to controlling the risks caused by workplace hazards. You will learn to develop straightforward, practical health and safety risk management skills so you can go beyond risk assessment, to effectively control the health and safety risks caused by hazards in your workplace

What is it?

This one-day NEBOSH HSE qualification which is structured around the Health and Safety Executive's approach to controlling the risks caused by workplace hazards and includes:

- Identify hazards and some of the resources that can help
- Assess risks in low to medium risk premises using simple HSE tools
- Evaluate risks in a proportionate and sensible manner
- Identify suitable control measures

So that you can develop straightforward, practical health and safety risk management skills, to go beyond risk assessment and effectively control the health and safety risks caused by hazards in your workplace.

Who should attend?

Anyone involved in managing workplace health and safety risks including those who undertake risk assessments - Employers, Managers, Supervisors, Union Representatives, SHE Champions, Health and Safety Representatives

How is it delivered?

An INTERACTIVE class above e-learning!

3 Study modes:
